It is an easy to use 3D video converter.Q: Set WordPress dashboard link title on click I have a WordPress dashboard link: wp_dashboard_build_link('mylink'); Now I need to change the title of this link on click, like this: My link where the title_changed is a javascript function that changes the link title. I know how to change the title of the URL itself, but I don't know how to change the title on click. Any suggestions? EDIT: To clarify the question, I need to change the title to "My Link". So the title should be "My Link" if you click the link, and then it should change to "Open Link" if you click it again. A: As you can read in the documentation : wp_dashboard_build_link('mylink', 'open_link'); ... function open_link(){ wp_dashboard_build_link('mylink', 'open_link'); } Scavenging of copper(II) by growth-inhibiting cadmium-containing soil fungi. Toxic trace metals in the soil may persist for decades and contaminate food chains. The toxic effect of heavy metals can be delayed due to the formation of stable metabolites. This study investigated the effects of growth-inhibiting cadmium (Cd) on the formation of Cd detoxifying metabolites in the fungal metabolome. The efficiency of growth-inhibiting Cd 82157476af
