Recommended for perfectionist who want matching aesthetics but mix and match armour parts for maximum advantage. Looks amazing but not worth full price. Maybe wait for a sale to get this DLC.. You can throw ninja stars, what more can you ask for?

11/10. Honestly, this isnt worth it even on discounted price, i bought this to support the developers.

Hopefully they could release more content for the game. Do you need it? No

Does it look good? Yes.

Is it worth it? I don't think so.. My mistake for buying deluxe before looking for what it contains but MAN does this skin look ugly, and in my opinion, contains too little for an extra 10 euros
